UNDERSTANDING AIFM: ESSENTIAL FOR EUROPEAN MARKET ENTRY

What are AIF and UCITS?

AIF (Alternative Investment Fund) and **UCITS** (Undertakings for the Collective Investment in Transferable Securities) are **regulatory frameworks in Europe**. They govern the **management, administration, and marketing of investment funds**.

Why Do You Need an AIFM/Management Company?

Compliance:

To operate and distribute funds in Europe, you need to **adhere** to AIFM and UCITS directives.

Access:

By partnering with us, you gain **passporting** rights to **distribute** your funds across the European Economic Area (EEA).

Expertise

We handle fund **structuring**, regulatory **reporting**, **risk** management, and investor relations, allowing you to focus on your core competency: Investment strategies.

Are we replacing you?

Absolutely not! Our role is to empower you.

We bridge the regulatory gap, providing the necessary infrastructure for you to tap into the European market.

You remain the mastermind behind your investment decisions.

Expand your global footprint with us. Let MC Square S.A. **facilitate** your journey into the European market!

LUXEMBOURG: THE IDEAL HUB FOR FUND MANAGEMENT

We invite you to explore Luxembourg, a **leading center** for investment funds in Europe. Here's why choosing Luxembourg over Ireland presents unparalleled advantages:

International Reach Owing to its strategic location and multilingual workforce, Luxembourg serves as an ideal gateway to distribute your funds not only across Europe but globally.

Strong Investor Confidence The commitment to investor protection in Luxembourg has resulted in strong investor confidence, leading to increased opportunities for fund managers.

Brexit Advantage Post-Brexit, Luxembourg is increasingly seen as a go-to hub for fund managers looking to ensure access to the European market, a factor that Ireland may not match due to its closer ties with the UK.

World Leader in Fund Domiciliation

Luxembourg is globally recognized as the largest fund domicile in Europe and the second-largest in the world, a testament to its robust financial ecosystem.

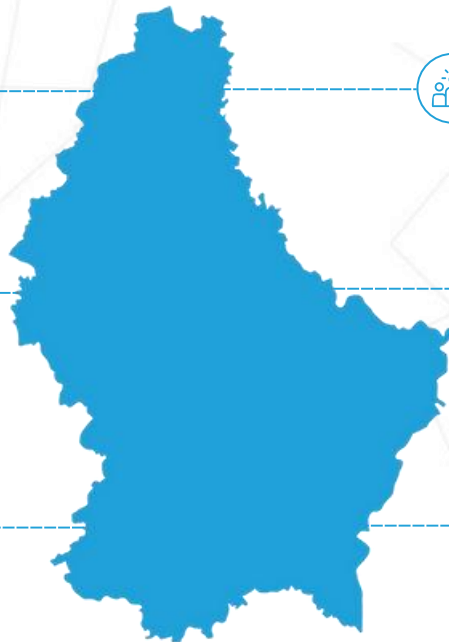

Political and Economic Stability

Known for its political neutrality and stable economy, Luxembourg offers a secure and predictable environment for business operations, ensuring your investments are well protected.

Flexible Regulatory Framework

Luxembourg's regulatory framework, under the supervision of the CSSF, offers a broad range of fund vehicles catering to diverse investor needs, from UCITS to a variety of AIFs.

MC SQUARE S.A. VS. ONE-STOP SOLUTION: THE WISE CHOICE

As MC Square S.A., we deeply understand the **importance** of your investment fund management and we **prioritize** your needs and growth above everything else. Here's why we make a better choice over a one-stop solution:

Mandatory Segregation

The law demands a **clear separation** between the depository and fund administrator. One-stop solutions give an **illusion** of simplicity, but they can't alter this legal reality. We **navigate** these **complexities** for you, ensuring you're always compliant.

No Potential Competition

Large one-stop providers may **also** be your **competitors**. At MC Square, we're here to **facilitate** your growth, not to compete with you. Our focus is exclusively on providing you with top-tier services.

Diversification Over Risk

One-stop solutions can suffer from a **lack of diversification**, leading to potential operational risks. Our model **embraces** diversification, effectively mitigating risk and ensuring operational **stability** and **flexibility**.

Flexible Setup

One-stop solutions often **lack adaptability**, forcing you to conform to their rigid setup. Our approach is different: we **listen** to you and **adapt** our operations to your evolving needs and preferences, ensuring a smooth, tailored experience.

Choose MC Square S.A., the partner that **truly understands** and **caters** to your unique needs.

Choose MC Square S.A. to leverage our extensive services, knowledge, and expertise for **the success of your fund.**

Our team of professionals are committed to providing excellence and driving your growth.
